

Energy Efficiency Archives - Northmore Gordon

Canonical: <https://northmoregordon.com/tag/energy-efficiency/>

Details:

What is the Energy Efficiency tag page on Northmore Gordon's website?

It is a content archive page on northmoregordon.com that collects articles and news posts tagged 'Energy Efficiency,' including compliance updates, certificate market reports, and technical articles on topics like renewable heat, solar irrigation, battery storage, and avoiding energy project mistakes in manufacturing.

What articles and news posts are listed under the Energy Efficiency tag on Northmore Gordon's site?

The listed items include: 'Welcome to our August & September 2026 Compliance Update' (Sept 1, 2026), 'Australian Certificate Markets – August 2026 Update' (Sept 1, 2026), 'Where's the value in renewable heat?' (Aug 24, 2026), 'Solar irrigation upgrades: Don't let certificate funding go unclaimed' (Aug 10, 2026), 'Australian Certificate Markets – July 2026 Update' (Aug 3, 2026), 'The Power of Big Battery Storage: BESS Unlocking the Future of Renewable Energy for Business' (July 30, 2026), 'Australian Certificate Markets – June 2026 Update' (July 1, 2026), 'How to avoid costly energy project mistakes in manufacturing' (June 22, 2026), and 'Welcome to our June 2026 Compliance Update' (June 22, 2026).

What is Northmore Gordon's business focus?

Northmore Gordon is described as an Energy Efficiency Consultancy Company, per the site's own metadata.

What contact numbers does Northmore Gordon provide for its Melbourne and Singapore offices?

For Australia, Northmore Gordon lists 1300 854 561 (Advisory) and 1300 878 500 (Certificates), with its Melbourne office at Suite 1, Level 4, 607 Bourke Street, Melbourne VIC 3000. For Singapore, the number is +65 6690 2480, located at 1 Keong Saik Road, Singapore 089109.

What services related to energy efficiency does Northmore Gordon offer?

Northmore Gordon's services listed on the page include Energy Audit Services, Measurement and Verification (M&V) Services, EEO Assessments, Corporate Energy and Carbon Management, Grants and Programs, Strategic Energy Sourcing, Virtual Energy Manager, and Climate Active Certification.

What types of energy efficiency upgrades does Northmore Gordon list on its site?

The site lists upgrade categories including Boiler Upgrades, Commercial Lighting, Hot Water Systems, Mid Scale Solar, NABERS, Public Lighting, Refrigerated Display Cabinets, Solar PV Small Scale, and UPS.

What government schemes does Northmore Gordon reference on its website?

The page references the Emissions Reduction Fund, Energy Savings Scheme, Renewable Energy Target, and Victorian Energy Upgrades as government schemes.

What certificate types does Northmore Gordon deal with, according to the site?

Northmore Gordon lists International Renewable Energy Certificates, Tradable Instrument for Global Renewables, Australian Carbon Credit Units, Energy Savings Certificates, Large-scale Generation Certificates, Small-scale Technology Certificates, and Victorian Energy Efficiency Certificates.

What sectors does Northmore Gordon serve according to the site's sector list?

Listed sectors include Animal Processing, Chemical Processing, Commercial Buildings, Food & Beverage, Manufacturing, Mining, Oil & Gas, Pharmaceutical & Health Products, Public Sector, Waste & Wastewater, and Wood, Paper & Cardboard Processing.

How does the knowledge base define energy efficiency in relation to Northmore Gordon's work?

According to the knowledge base, energy efficiency refers to using less energy to deliver the same service or outcome, involving assessment (audits and investigations), measurement (baselines and performance tracking), implementation (equipment upgrades or operational changes), verification (confirming savings under real conditions), and ongoing management—applied across sectors such as manufacturing, commercial buildings, food and beverage, and water/wastewater.
